Are you interested in becoming a 4-H volunteer?

4-H is a “learn-by doing” educational program for youth ages 5-18. While the principles have remained constant, the activities and projects have kept pace with the times to appeal to a new generation of youth. 4-H is not just a program for farm kids. 4-H provides programs in cities and suburbs as well as in rural areas. 4-H cannot exist without volunteers. Many adults in your community are already involved in 4-H - making friends, having fun and working together to make a difference in the lives of others. Just think how much the next generation could benefit from your lifetime of experience. There are many different opportunities with 4-H for you to volunteer. There are both short-term and long-term volunteer opportunities available. Help make a difference in the life of a child today by volunteering. If you are 18 or older and would like to learn more about how to become a part of Liberty County 4-H program, contact your County 4-H Agent Monica Brinkley or 4-H Program Assistant Cathia Schmarje.

ATV Riders

Explore the many fun and entertaining resources available to help you become a safe and responsible ATV rider. Prepare for your real ride by taking an online ATV Safety course and playing an all-new, fun and exciting interactive ATV game, Tread-Sylvania. Finally, join the discussion, connect with other friends and members and share your own ATV stories.

ATV safety website

Share with your family, friends, co-workers, and those in your community who would enjoy becoming a member, especially with as many young people as you can reach. We want this site to be fun for everyone and a site where young people will want to visit and participate often.

They can sign up to be a member to play the Tread-Sylvania trail game, join the discussion forums, submit coordinates of public trails where they have ridden their ATVs, submit events for the calendar, and register to take the ASI ATV online e-Course as part of their RiderCourse certification.
